

For placing our patch fitting against timber. Use our 110mm long x M12 Lag screw to fix into the timber.

For placing our patch fitting against concrete. Use our 120mm long x M12 all thread to fix into the concrete.

For placing our patch fitting against steel. Use our M12 thread bolt. The length of the bolt will need to suit the steel thickness.

All three of these fittings are designed to screw into the back of our patch fittings.

Axiom product code: ASO5030 - Polished.
