

Axiom product code: BPFGOH-35 Base plate.

Baseplate size 142mm x 110mm x 16mm thick.
 The four front holes are 5.5mm diameter and the four back slots are 13mm wide x 17.5mm long. The dotted line represents a 12.5mm Dia countersink on the bottom of the baseplate.

This baseplate has a 3mm radius on the top edges only.

This baseplate is to be used with the AFG35 post, when the glass extends down lower in front of the concrete slab. i.e. to cover the front edge of the concrete slab.

FV10-45 stainless steel screws must be used to connect the AFG-35 post to this baseplate
